The Herbal Sage Tea Company has helped develop tea blends for customers all over the world. Our history of tea blending includes medicinal blends for pharmaceutical companies, soothing blends for colicky children, energy beverages for health enthusiasts and even herbal blends for Rock- n- Roll stars. We work directly with you to achieve a product for the specific needs of your clients. Offering your own name brand tea to your customers reinforces the familiarity of the quality that they have come to trust.

Maureen Burns, owner of The Herbal Sage Tea Company, will work directly with you to create your specialized blend. Your first step is to fill out the enclosed questionnaire. Maureen will then have information to work with to create your brand-name tea. She uses her knowledge of herbs and basic plant chemistry and her knowledge of the interactions of botanicals. Maureen also uses her intuitive skills to incorporate your ideas into your desired blend.

You will receive 3 variations of your initial blend. If need be, Maureen will work with you more intimately to fine tune your tea blend as you determine the taste that works for you. The cost, per pound, of finished blend will be based on the herbs required for the blend.\* The blend remains yours exclusively so long as you sign a licensing agreement stating that from The Herbal Sage Tea Company. All blends will be purchased thru the Herbal Sage Tea Company. We also offer co-packing if you would like to receive your teas in something different than one pound bulk packages.

**Fee Schedule.**

Our custom blending fee is \$450.00. The amount of \$250.00 is due at signing of the agreement and the balance of \$200.00 is due when the tea blend is completed.

\* Each custom tea blend has unique factors which determine final pricing per pound of tea. We will discuss these factors with you as we formulate your blend. Pricing per pound may change due to herb availability and price fluxuations.
